

Environmental Steward Volunteer Opportunities for Boy and Girl Scouts

Environmental Stewards are volunteers dedicated to restoring and protecting the natural areas throughout Cantigny Park. Volunteers assist staff in land management activities such as clearing brush, maintaining hiking trails, and pulling invasive plant species in the park's natural areas during scheduled workdays. Groups welcome!

Workdays are held once a month on select Saturdays from 9 to 11:30 am.

Fall workdays:

Saturday, September 27- National Public Lands Day

Saturday, October 25- Make a Difference Day

Saturday, November 22

Volunteers must be at least 10 years old, able to navigate uneven terrain and work in an outdoor setting in all weather conditions. Volunteers under age 12 must be accompanied by an adult. All volunteers must have a signed waiver to participate. Tools, safety equipment and training are provided at each workday. Wear sturdy shoes and clothes that can get dirty.

If you are interested in participating in an Environmental Steward workday, please contact Jennifer Benton at (630) 260-8232 or email Volunteer@Cantigny.org
